AUTHORIZATION

I understand that per The Georgia High School Association a **Pre-participation Physical Evaluation** must be performed by a physician to medically screen each student who participates in the athletic programs of the Bartow County School System I further understand that a basic medical screening (the required physical exam) is general in nature and limited in its scope and does not indicate or assure me that my child is completely free from impairments. If I wish for a more detailed physical exam to be performed upon my child/ward then it is my responsibility to arrange and pay for such an exam. If this more detailed exam is performed, it is my responsibility to notify the Bartow County School System, and its appropriate employees, of any potential medical problems uncovered by any physical exam given to my child/ward other than the general physical required by the school system for athletic participation. I agree to fully waive any and all claims of whatever nature, fully and finally, now and forever, for my child/ward, for myself, my estate, my heirs, my administrators, my executors, my assignees, my agents, my successors, and for all members of my family, and to indemnify, release, defend, exonerate, discharge and hold harmless the Bartow County School System, their schools, their trustees, officers, Board members, Board of Education, employees, agents, coaches, athletic trainers, physicians, and any other practitioner of the healing arts (an "Indemnified Party") from any and all liability, personal or property damages, claims, causes of action or demands brought against the Bartow County School System or indemnified party arising out of any injuries to my child/ward or to his or her property or losses of any kind which may result from or in connection with his or her participation in any activity related to the athletic programs provided by the Bartow County School System

My signature below attest that I have read, understand and concur with the information on this form, and that I give consent for my child to participate in the athletic programs as stated above.

STUDENT/PARENT CONCUSSION AWARENESS FORM

SCHOOL: _____

Student Name: _____

Parent(s)/Guardian(s) Name: _____

DANGERS OF CONCUSSION

Concussions at all levels of sports have received a great deal of attention and a state law has been passed to address this issue. Adolescent athletes are particularly vulnerable to the effects of concussion. Once considered little more than a minor “ding” to the head, it is now understood that a concussion has the potential to result in death, or changes in brain function (either short-term or long-term). A concussion is a brain injury that results in a temporary disruption of normal brain function. A concussion occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a blow to the head or body. Continued participation in any sport following a concussion can lead to worsening concussion symptoms, as well as increased risk for further injury to the brain, and even death.

Player and parental education in this area is crucial – that is the reason for this document. Refer to it regularly. This form must be signed by a parent or guardian of each student who wishes to participate in GHSA athletics. One copy needs to be returned to the school, and one retained at home.

COMMON SIGNS AND SYMPTOMS OF CONCUSSION

Headache, dizziness, poor balance, moves clumsily, reduced energy level/tiredness

Nausea or vomiting

Blurred vision, sensitivity to light and sounds

Fogginess of memory, difficulty concentrating, slowed thought processes, confused about surroundings or game assignments

Unexplained changes in behavior and personality

Loss of consciousness (NOTE: This does not occur in all concussion episodes.)

BY-LAW 2.68: GHSA CONCUSSION POLICY: In accordance with Georgia law and national playing rules published by the National Federation of State High School Associations, any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion shall be immediately removed from the practice or contest and shall not return to play until an appropriate health care professional has determined that no concussion has occurred. (NOTE: An appropriate health care professional may include, licensed physician (MD/DO) or another licensed individual under the supervision of a licensed physician, such as a nurse practitioner, physician assistant, or certified athletic trainer who has received training in concussion evaluation and management.

a) No athlete is allowed to return to a game or a practice on the same day that a concussion (a) has been diagnosed, OR (b) cannot be ruled out.

b) Any athlete diagnosed with a concussion shall be cleared medically by an appropriate health care professional prior to resuming participation in any future practice or contest. The formulation of a gradual return to play protocol shall be a part of the medical clearance.

c) It is mandatory that every coach in each GHSA sport participate in a free, online course on concussion management prepared by the NFHS and available at www.nfhslearn.com at least every two years – beginning with the 2013-2014 school year.

d) Each school will be responsible for monitoring the participation of its coaches in the concussion management course, and shall keep a record of those who participate.

I HAVE READ THIS FORM AND I UNDERSTAND THE FACTS PRESENTED IN IT.

I have examined the student named on this form and completed the preparticipation physical evaluation. The athlete does not have apparent clinical contraindications to practice and can participate in the sport(s) as outlined on this form. A copy of the physical examination findings are on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the medical eligibility until the problem is resolved and the potential consequences are completely explained to the athlete (and parents or guardians).
